

01

Policyholder purchases policy from Insurance Broker with full knowledge of the camera and policy.

02

VisionTrack will contact the policyholder within 24 hours of receiving the Aviva TFP Schemes order confirmation.

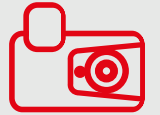

03

The policyholder will be sent a VAT invoice from VisionTrack that will be due for payment by the policyholder.

04

VisionTrack will dispatch cameras within 7 days of receiving the order.

05

Once the cameras have been received by the policyholder, VisionTrack will make contact to arrange the installation. *(Policyholder must ensure all HGV's are made available within 30 days from policy start date.)*

06

Standard install is Monday – Friday 8am–6pm, Saturday 9am–5pm. *Any installation outside of these times is £10+VAT per vehicle and subject to availability.*

07

Prior to installation, VisionTrack will send video platform login details to the policyholder via email.

08

VisionTrack will ensure all cameras are installed within 30 days. *(Subject to policyholder making all HGV's available for installation.)*
